Planner: Students should purchase a paper planner for the 2019-2020 school year to keep track of assignments and due dates. The planner should include:
- Month layout page and weekly pages with room to describe assignments
- Academic calendar…not a yearly one
- A calendar that is approximately 5" x 8" will fit in the laptop case pocket.
- A recommended option can be found at this link.

The 6th Grade Team will provide each student with a set of color-coded folders for filing and organizing daily work. Students do <u>not</u> need to purchase folders or a binder for the 2019-2020 school year.

Important Technology Information

File Storage

Forest Ridge School provides OneDrive cloud storage for all students. The limit is set to 400GB.

USB External Drives: Students are encouraged to purchase external drives to back up their personal and/or school files. These large capacity (>200 GB) external drives are dropping in price and could be a solution to backup for a variety of users in the same household. Some are designed for at home use, but many are now portable. These are readily available at electronic/office supply stores.

USB Portable Drive (also called "thumb drive," "flash drive", etc): These are small, very portable, and very versatile storage devices that attach to the USB port of the laptop and allow for quick and secure backup/transfer of small to moderate academic files.

Laptop Requirements

Your laptop must be functioning properly, including battery, power cords, and wireless connection.   You must have a working stylus in order to participate fully in class. You may be asked to use paper and pencil if you do not have a stylus.

Your name MUST be on your laptop, on your case and on your power cord.

Do not place stickers on your laptop. However, personalizing your laptop case for easy identification is required.
